

STOCK #904

Pop-Out Magnet Post Card

This self mailing postcard sheet with 4 possible postcard areas, has an embedded magnet on a 9pt C2S matte white carrier for smooth digital printing with few jams. This unique product gives you the ability to print / cut / and mail with no additional finishing process. The mail side of the post card now has a printable white polyester patch behind the magnet to allow for more print area - No longer having the large black area.

C2S

GSM - 396
